THE LATE ROBBERY AT THE THEOLOGICAL EMINARY .-- We are informed, by unquestionable authority, that the individual mentioned in Saturday's Gazette as having stolen a sum of money from one of the students of the Theological Seminary of Virginia, near this place, never was a student of that Seminary, nor ever was at any time, or in any form, connected with it. He never was a member of the Episcopal Church, and seems in all his attempts at intercours; with christians to have been a mere adventurer, whose character be came soon and unfavorably developed.

ALARM OF FIRE .- The alarm of fire about 8 o'clock last night, which however was not sufficient to bring out the department, was caused by the partial burning of a framed house in the centre of the square bounded by St. Asaph, Princess, Pitt and Queen streets, owned by Mr. William Gregory, and occupied by a colored woman named Hannah Coleman.

LOCAL BREVITIES. - The attention of delinquent tax payers is directed to the Sheriff's notice in another column of to day's Gazette. As the bills for 1870's taxes will soon be presented, it would be well for 1869's to be paid as early as possible, so as to avoid the necessity of paying both at once.

It will be seen by reference to the election cards in to-day's Gazette, that Mr. Wesley G., box 352, P. O Avery is a candidate for the office of Collector of taxes for the Northern and not Southern District, as heretofore announced.

The resignation of Mr. J. C. Clark as Deputy Sheriff was not accepted by Sheriff O'Neal, and Mr. Clark continues to perform the duties

of that office. Some colored people were baptised at the usual place in the Potomac, off Battery Rodg-

The cares and labors of business life are apt to tell severely upon the health and constitu-tion of the ardent, energetic business man, and when the need of some sustaining agent is felt, timulants that cause only a temporary exhilaration, and leave the system in a state of partial collapse when their first effect has passed off, are too often resorted to. To strengthen, re-cruit, solace and purify the system is the mis-sion of the great vegetable specific. When the stomach is in a healthy state, the bile Hows regularly, the bowels · erform their office properly, and the telegraphic libres of the nervous system are in perfect working order, an enor-mous amount of labor can be borne without risk or inconvenience, and the direct effect of the Bitters is to promote this vigorous condition of the functions upon which the nourishment of the body, and its power of endurance mainly depend. The great tonic and alterative is, therefore, emphatically recommended for its remarkable strengthening properties, to all upon whom the responsibilities of life press heavily, and who teel like fainting under the burthen. A lively appetite, a splendid digestion, clastic spirits, and a marvellous ability to withstand fatigue, are among the blessings justly accribed to the renovating operation of this palatable and powerful cordial, and as a spring and summer alterative, there is nothing in the materia medica that can be compared with it materia medica that can be compared with it.

The Health of the Ladies.

my 16-eol w

As the truest and best reliance, the ladies are unanimously patronizing their faithful friend, Gautier's Native Wine Bitters, with a full knowledge of their curative and restorative qualities. Vast benefits have been realized from their use, and the thousands of females who have properly tested their merits, gratefully acknowledge a release from suffering and a renewal of health, strength and vivacity.— They banish all those ailings that so peculiarly afflict woman, reinvigorate her system and re vive her drooping spirits. And thus we heart ily give to the public only the evidence of a multitude of ladies, who have been rescued from long suffering, and again been made young and capable of all the duties of their sex. To no intelligent woman need we say more.
